MULTILIFT XR5S

MULTILIFT

BUILT TO PERFORM

THE VERSATILITY EXPERT OF SMALL HOOKLIFTS

MULTILIFT XR5, a member of our XR family, gives your 19,500 lb GVW truck more possibilities. Easy handling and a wide range of possible load carriers bring enhanced versatility. Just swap the body and go.

Small in size but a giant in performance

The MULTILIFT XR5 range makes mounting and dismounting bodies a simple process. The sliding hook mechanism, single-plate subframe, and asymmetric lifting frame design means outstanding performance with fast, easy body mount and dismount functions. The MULTILIFT XR range also brings you reliability and safety thanks to its intelligent, in-cab controls. The maintenance-free control system provides you with trouble-free operation, for any type of job site collection or delivery.

Increased versatility and larger payloads

Using the latest 3D-CAD methods and modern production technology to design and manufacture the XR range, we have minimized the welding needed in construction to give you a stronger structure. The exceptional low weight to high strength ratio enables larger payloads, enhances the versatility of the vehicle and maximizes its productivity.

Safety is key

As with all MULTILIFT demountables, safety is a key priority in the XR series. Safety features include load-holding valves directly on the cylinders and a tipping lock mechanism jib to main rams interlock.

Technical data

Type	XR5 Range		
Capacity (lbs)	12 000		
GVW of the vehicle (lbs)	19 500		
Model	XR5S.3050	XR5S.3250	XR5S.3650
Container length (internal) (ft)	10 - 12	11 - 13	12 - 14
Common CA/CT (in)	84	108	120
Equipment weight (lbs)	1 350	1 430	1 520
Tipping angle (°)	50	50	50
Clear Frame (in)	138	149	163
Hook height (in)	36		
Chassis Height (in)	Up to 36		

Disclaimer. Hiab cranes have been built to meet the highest standards of safety and service life and have been thoroughly tested. Strength calculations for this model have been carried out in accordance with EN13001 in fatigue class S2. Cargotec's certified Quality Assurance System complies with ISO 9001. Some of the items in our literature may be extra equipment. Certain applications may require an official permit. We reserve the right to change technical specifications without prior notice. Hiab cranes produced for EU-countries are CE marked and comply with the European Standard EN12999.

Hiab is the world's leading provider of on-road load handling equipment. Customer satisfaction is the first priority for us. Hiab's product range includes HIAB loader cranes, JONSERED recycling and forestry cranes, LOGLIFT forestry cranes, MOFFETT truck mounted forklifts, and MULTILIFT demountables, as well as DEL, WALTCO, and ZEPRO tail lifts.
